

Taxi entrepreneur Günter Jadasch from Ulm – Utilization - Mercedes 200 CDI – at engine and automatic gearbox:  
*„...a clear contrast – all cylinders increased and the pressure became constant. The engine output has improved. There is less noise of my engine and more output at the lower rpm. Most impressive was the less fuel consumption...“*

Forestry Herrmann Graf from Unter Allgäu – Utilization at Cormik IHC, Type 624, 1971 – Engine:  
*“... after the utilization I checked the oil level, but I need not to fill in new oil, the oil level was constant. With the use of NanoVit I can assimilate 15m<sup>3</sup> more wood i.e. 30% than before. I also have fuel savings of 20 %...“*

Armin Schwarz from Lahnu – Utilization at UNIMOG – Engine & gear:  
*„...a stunning result. For example my fifth gear was damaged and I wanted to change the gear, but thanks to NanoVit I dont need it, because the MOG drives as hell...“*

Gabi Bach from Südlohn – Utilization at BMW 3- Engine:  
*„...after the utilization I had a reduce of my fuel consumption from 11.5 to 9.6 L/100 km. This investmet is useful after 3,000km , thanks to NanoVit that it is useful up to 150,000 km...“*

Josef Tebrügge from Südlohn – Utilization on UNIMOG – Engine and Gear:  
*„... This stuff is worth it – simple coupling, less noise of engine, more output – great !...“*

APS „Car Care Service“, Mr. Martschinke from Solingen:  
*„...did the test on different cars. After the utilization, the noise of the engine has been reduced and less fuel consumption. NanoVit is the technology of our future and lives up to its promise...“*

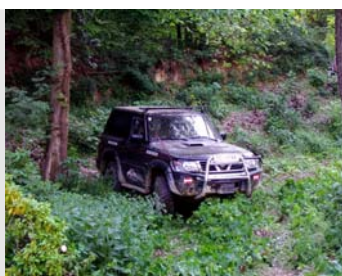

Michael Westphal from Essen – Utilization on Ford Mondeo – Engine:  
*„...I was sceptic about the product but after the use and 10 % fuel savings i was totally convinced and will recommend this product...“*

Dennis Müller from Dortmund – Utilization on Engine:  
*„...after 3-months test I have fuel savings of 13.7 %, that means 1.48 L on 100 km. The car is also less noisy and calmer than before. The car gets renovated...“*

Mr. Böttcher from Bad Blankenburg- Utilization on Toyota – Engine:  
*„...I have tested my Toyota Landcruiser. The result was abetter cold start, less noise, faster rpm increase, 10 % fuel savings...“*

Martin Ondrus from Eichgraben – Use on Nissan Patrol 3 L – Engine:  
*„...I am satisfied with the additive oil. The engine has less noise, calmer and has improved. I recommend it...“*

Car factory ATB Berlin Chrysler Motors:  
*„...this product is great, the engine has improved and is more effective and after 700km the oil is still clean. We will recommend the product...“*

Master Mechanic Jens Schaft from Rudolstadt:  
*„...after the utilization of NanoVit the engine became less noisy, the output improved, the exhaust values-HC-values are impressive. Warranty a wear protection up to 150,000 km...“*

Antonio Grimaldi from Fellbach – Utilization on Bike Daytona 955i:  
*„...my bike has become a beast. Tender coupling, at the low rpm it is as fast as a rocket. Go for it NanoVi...“*

Conveyance HAUSE GmbH from Rittersdorf, Utilization on Mercedes Actros – Engine, gear and differential:

„...My focus of the utilization were the fuel savings. After the use on my engine, gear and differential I had fuel savings of 11.5 %. (Excerpt from test report)...“

Capasso Gennaro from Stuttgart – Utilization on Bike Ducati Monster 600:

*„...after the use I was impressed, I couldn't believe it. Less noise of the engine, tender coupling, I can turn my bike as high as possible. I recommend NanoVit to everyone...“*
